AN EXTRA SESSION.

It is now announced that a special session of the newly elected Ontario Legislature has been called by the Government, to be held commencing with the 31 day of August next. This action of the Government seems, on the face of it, an extraordinary one for which we cannot yet see any reasonable excuse.

It is called in the very best of our latest session, when it will not be at all convenient for most of the farmers to attend. It comes also in the middle of "dog days" when our heat is at its greatest height. The extra expense to the country must amount to many thousands, even though the session should adjourn till winter and the members are not allowed seasonal pay which would cause an injustice to them.

There too, there are 650 members, not one of which has yet been tried, and it is announced that each object of the session is to amend a law in regard to the right of constables to vote. All these sixty-five members will be held in a hall in the city of Toronto, and it is announced that each object of the session is to amend a law in regard to the right of constables to vote.

Premier Hardy also gives reason that a session must be held in a hall in the city of Toronto, and it is announced that each object of the session is to amend a law in regard to the right of constables to vote. All these sixty-five members will be held in a hall in the city of Toronto, and it is announced that each object of the session is to amend a law in regard to the right of constables to vote.

DOMINION FINANCIAL AFFAIRS.

The Dominion government has just issued a preliminary announcement of its financial affairs for the fiscal year ending with June 30th, past. The announcement is that there will be a surplus of over a million dollars out of the year's transactions. We are very glad to see such an announcement. It does not represent, however, that the surplus of the year's transactions is due to the expenditure by a million on the contrary there has been a large increase in the public debt - a matter to be much deplored. The surplus is due to the fact that the government has been able to put out more money than it has taken in, which is a matter to be much deplored.

According to the government an announcement on this money spent the 1st of July with a net public debt of \$25,713,000 against \$25,185,000, being an increase of over two millions during the twelve months. After swallowing up that million, the government has a net public debt of nine millions greater than at any previous time in our whole history. The government has been able to put out more money than it has taken in, which is a matter to be much deplored.

Some expected there would be a decrease in the amount paid out on railways, but the government has been able to put out more money than it has taken in, which is a matter to be much deplored. A YOUNG
GIRL'S ESCAPE.
Saved from being a Housewife
BY
MILBURN'S HEART AND
NERVE PILLS.

For the benefit of Canadian women, who have daughters who are weak, pale, nervous, or nervous, Mrs. E. W. Thomas, 122 Bloor Street, Ontario, writes the following letter, which is a true story.

"My daughter suffered very much from indigestion at times, and she was so bad that she could not stand, but had to sit and gape for breath. She was so extremely nervous that her hands would grasp table and furniture. Properly she would have to leave school; and finally she grew weak. I gave her many remedies, but they did not seem to do her any good."

Then I heard of Milburn's Heart and Nerve Pills, and got a box of them, and they have indeed worked wonders with her. I can recommend them very highly as the best remedy I ever heard of for considerable ailments to those from which my daughter suffered."

Milburn's Heart and Nerve Pills never fail to do good. They cure palpitation, nervousness, indigestion, smothering sensation, weakness, nervous depression, and all the human troubles and general debility. Sold at drug stores at 50c, or three boxes for \$1.50. T. Milburn & Co., Toronto, Ontario.
